

Nashville Collection

kwalu®

Transform the Resident Room Experience

Defined by clean lines and a modern aesthetic, the Nashville Collection enhances resident spaces with a balance of form and function.

Crafted with Protea™ Fusion, our non-porous, easy-to-clean material, the collection offers the warmth of wood while standing up to the demands of senior living environments. The 2" plinth base adds a distinct design element, while refined finger pulls contribute to its streamlined look.

With the Nashville Collection, the resident room becomes more than just a place to stay—it transforms into a curated environment designed for everyday living.

Every element in a resident room should work together to create a space that is both functional and inviting. Thoughtful placement of furniture enhances accessibility, while a cohesive material palette fosters a sense of comfort and familiarity. The right furnishings not only support daily routines but also contribute to an environment where residents feel at home.

Beyond the Resident Room

With the addition of the Nashville Credenza, the collection brings the same clean, modern aesthetic to shared spaces.

At Kwalu, we create nurturing environments that inspire care, comfort, and connection in healthcare and senior living.

For over 40 years, we've crafted high-quality, durable furniture that enhances the spaces where people live, heal, and build community. What sets us apart is Protea™, our proprietary, non-porous material that offers the beauty of wood with unmatched durability. Inspired by the resilient Protea flower, it ensures our furniture withstands high-traffic environments while remaining easy to clean and maintain.
